Dave Fortier

OTR Flatbed Driver,
Northern Logistics

20+ Years Experience

“As a Flat-bedder, we go to a lot of rock quarries and wooded areas. The ground clearance is remarkable!”

Q: What do you like about the HX?

A: “I love the look of the front, looks mean, catches everyone’s eyes. I have a lot of drivers asking me about it. The seating inside is top notch right down to the seat heaters.”

Q: What do you like about the performance of the HX?

A: “My HX has the Cummins X15, 13 speed. I have already driven this truck from Michigan to California and back. It handled beautiful in the mountains.”

Q: What do you like about West Michigan International?

A: “When I talked to my boss, Steve, about my concerns on weight and comfort, Steve took that to West Michigan and they ordered this HX.”
